Farmer, Merchant Picnic Scheduled for Wednesday

Twenty-seven hundred invitations were mailed Saturday for the Marion county farmer, merchant picnic sponsored by the Chamber of Commerce, Marion merchants and farm groups.

Additional amusements and countywide interest in the outcome of the big popularity and beauty contest contributed to the mounting enthusiasm as the picnic day, Wednesday, July 28, draws near.

Fred B Scherff, manager of Crystal Lake park, scene of the picnic today announced as an added attraction that the picnic crowd will have free use of the park skating rink from 2 30 until 4 p. m.

Lloyd Calhoun, rural representative of the picnic committee, today announced substitution of Beulah Murphy of near Morral for Clara Heimlich of near Cardington as a rural contender in the beauty and popularity contest Miss Heimlich was excused from competition as she will be absent from the state at the time of the picnic. Other farm girls entered in the beauty and popularity contest are Helen Fetter of near Morral, Phyllis Blank of near Marion, Ruth Price of near LaRue, and Harriet Monnette of near Marion

Marion store employes who will represent the merchants in the popularity and beauty contest are Jean Griffith of 161 North Seffner avenue, Shirley Haberman of 791 Oak Grove avenue, Dorothy Louise Shenefield of 841 York street, Barbara Jean Wylie of South Prospect street, and Ilene Bender of 254 Mary street

Rural contenders in the popularity and beauty contest were selected by popular vote of farm adult and youth groups Marion store employes were selected after nomination by fellow workers, popular vote of employes on nominations from several stores, and finally after judging by an impartial committee the field of contestants was narrowed down to the five girls who will compete against the farm girl entries.

Applause Meter To Decide

The contest winner will be selected by applause of the picnic crowd as gauged by an electric applause meter, such as is used on radio audience participation programs

An extensive program of novel athletic events, and softball games will be staged under the direction of Bob Minard, YMCA sports director Prizes will be awarded winners of the games and contests

The picnic will start promptly at 12 noon and will continue until 6 p m Only farmers, their families and employes and merchants, their families and employes will be admitted to the park

Picnic arrangements have been completed by a committee composed of members of the farm committee and the retail board of managers of the Marion Chamber of Commerce

POPE SEES CRUSADE FOR CHURCH IN 1950

By International News Service

ROME, July 26—Pope Pius XII decreed today that the holy year of 1950 will be Catholicism a globe-girdling prayer and action crusade for defense of the church and promotion of world peace

Worldwide mobilization of all Catholics for a maximum coordinated effort is contained in a four-point directive outlined in a private audience with Msgr Giovanni Montini of the sacred congregation

In keeping with historic precedent, the Pope asked Msgr Montini to make known his "intentions" regarding the holy year His directives were as follows:

1—"Sanctification" of souls through prayer, penitence and "unshakeable loyalty of Christ and the church.

2—Action for world peace and the safeguarding of holy places

3—Defense of the church against renewed attacks by its enemies and "invocation of the faith for errants, infidels and atheists."

4—"Actuation of social justice and welfare initiatives" in favor of the humble and needy

DEATH FAILS TO SEPARATE

By International News Service

COLUMBUS, July 26 — Even death failed to end the association of two lifelong friends today. H. E. Vance, 87-year-old retired Columbus manufacturer, died at his country estate near Worthington yesterday afternoon. A few hours later his devoted friend, O. C. Grice, who technically was Vance's gardener but actually his companion, collapsed and died while grieving at Vance's bier.

C. & O. Invites Bids On Trust Certificates

By The United Press

CLEVELAND, July 26 — The Chesapeake & Ohio Railway company today announced that it will invite bids of $3,000,000 per amount of a sixth 1948 series of serial equipment trust certificates to purchase 18 new locomotives.

The new equipment will consist of 12 switching engines and six freight locomotives. The proposed certificates will be dated Sept. 1, 1948 and mature serially in annual installments from Sept. 1, 1949 to the same date in 1958, the C & O. said.

EXTRA SESSION OPENS; AWAIT TRUMAN TALK

GOP Leaders Reserve Legislative Decisions Until After President's Message.

By The Associated Press

WASHINGTON, July 26 — The Republican high command decided today to make no decisions on a legislative program until President Truman puts his extra session recommendation before congress tomorrow.

House Speaker Martin (Mass.) told newsmen after a meeting of senate and house leaders that "no decisions" were made. Martin added

"We want to hear what the President has to say tomorrow before making up our minds definitely

"Like the boys at Bunker Hill, we are not going to fire until we see the whites of their eyes."

Martin then walked into the house chamber and rapped to order the session summoned by Mr Truman in the midst of the 1948 presidential and congressional campaigns.

Preparing Message

At the White House, Mr Truman continued to work on the message he first outlined to the Democratic national convention Democratic congressional leaders were called in to review the price control and other proposals scheduled for inclusion

The meeting of Republican chiefs, held in Martin's office, was attended by Senators Taft (Ohio), Vandenberg (Mich.), Wherry (Neb.), and Millikin (Colo.), and Reps Halleck (Ind.), Brown (Ohio) and Arends (Ill.)

Martin called it "a preliminary meeting for general discussion."

He said there will be another get together after Mr. Truman reads his message to a joint session tomorrow

Senator Barkley (Ky.), Senate Minority Leader and Mr. Truman's vice presidential running mate, headed the group of Democratic leaders invited to the White House at 2 30 p. m.

Presidential Secretary Charles G. Ross said Mr Truman would go over his message and discuss his legislative recommendations with the group. These recommendations include anti-inflation, housing, civil rights, and other bills which Mr Truman said he was calling congress back to consider.

Conference Group

Besides Barkley, others invited to the conference table were

Senator Lucas (Ill.) assistant minority leader; Rep. McCormack (Mass.) assistant house Democratic leader, Senator McGrath (R.I.), Democratic national chairman, Reps Priest (Tenn.), Kirwan (Ohio), and Murdock (Ariz.), and Leslie Biffle, secretary to the senate Democrats

As the White House arranged the Democratic parley, Republican leaders of the senate and house majorities gathered this morning to discuss strategy for the session. They plan another meeting tomorrow after hearing Mr Truman's program

Anything or nothing may come out of his second extra session ever held in a presidential election year, for the members were far from happy about breaking into their vacation that started on June 19 and was to have lasted until Dec 31

The President, who called the lawmakers back to work after labeling their record one of the worst in history, will confront them face to face tomorrow to outline what he wants

He already has said he wants something done about the rising

Mystery Aircraft Baffles Country

By The Associated Press

ATLANTA, July 26—The flying saucer—or something—is back again

Reports from widely separated sections of the country have described "it" over the weekend as

1 A wingless craft, spurting flame "like a Buck Rogers rocket ship."
2 An aluminum covered balloon
3 An unusually bright light
4 A ball of fire
5 A red and blue flame that burst in mid-air
6 A flash of cherry red fire
7 A meteor

"It" first was reported by two Eastern Airlines pilots, each a fighter pilot during the war, who said they encountered a wingless mystery plane, spurting fire, near Montgomery, Ala., on the Atlanta-Houston flight Saturday

Next up, Clarence L. McKelvie of Columbus, O., lent credence to the pilots' report by declaring he had seen "a flash of cherry red fire" while a passenger on the plane

Then an Atlanta hunter stalking game in North Georgia reported "an unusually bright light

HERBERT PICKS DRAFT AIDES

Recommending Groups Appointed To Select Various County Boards.

Gov Thomas J. Herbert today named three-member recommending committees in each of Ohio's 88 counties to nominate members of local draft boards to conduct registration of 18-to-26-year-old men beginning Aug. 30 and ending Sept. 18.

The recommending committees appointed by the governor for each county consist of the presiding common pleas judge, probate judge and a third member, a representative citizen, named directly by Gov Herbert. The governor will submit the committee's recommendations to President Truman, who will appoint the board members on the governor's recommendation.

List of Members

Representative citizens, selected by Governor Herbert as third members of the recommending committees for Marion county and vicinity are as follows:

Marion county, James C Woods, 286 Lafayette street, business manager of The Star, Wyandot county, Nelson J Rall, Upper Sandusky, managing editor of the Wyandot Chief-Union; Delaware county, W D Thomson, Delaware, editor of the Delaware Gazette, Hardin county, Edwin S Rutledge, editor of the Kenton News-Republican, Morrow county, W R Conaway, manager of Cardington Independent, Crawford county, A. D. Neff, Bucyrus, retired city fireman, Licking county, Frank W Spencer, editor, Newark Advocate.

Mr Woods was one of five executives of the Brush-Moore newspapers named as third members of recommending committees by the governor Other Brush-Moore executives also named are: Stark county, John D Raridan, Canton, executive editor Brush-Moore Newspapers, Inc., Scioto county, John D Green, Portsmouth, Times, Jefferson county, Joseph Michl, editor Steubenville Herald-Star, Columbiana county, William H Vodrey Jr., East Liverpool, assistant secretary Brush-Moore Newspapers

Two New Members

Mr Woods is the only member of the Marion county recommending committee who will be serving for the second time His fellow members of the committee, Common Pleas Judge Paul D Smith and Probate Judge Edward J Ruzzo, are both serving for the first time At the time the committee functioned at the start of World War II former Common Pleas Judge Hector S Young and former Probate Judge Oscar Gast served Both are now deceased

Adj Gen Chester W Goble, state director of selective service, announced that 127 local boards will administer the 1948 selective service act as compared with 320 boards used during World War II

Gen Goble said there will be one board for approximately each 100,000 population.

TRAFFIC OUT OF SOVIET GERMAN ZONE IS BANNED

"Most Positive" Counter-Move Yet Taken by Western Allies.

By The Associated Press

BERLIN, July 26 The United States and Britain banned movements of trains today to and from the Russian zone of Germany. American officials said "technical difficulties" caused the stoppage.

The joint American-British action appeared to be the most positive counter-move yet taken by the western allies to break the Russian blockade of Berlin, now a month old.

Gens. Lucius D. Clay and Sir Brian Robertson the American and British military governors, took the action at a conference in Frankfurt. The restrictions are effective at once. The prohibition is against the movement of all trains "originating or terminating" in the Soviet zone.

When the Russians stopped traffic on the long railway between Berlin and the western zones of Germany, they asserted "technical difficulties" were the cause.

Called "Economic Sanctions"

U. S. and British officials in Frankfurt orally termed the rail stoppage "economic sanctions."

Authorities said the rail commerce between the Soviet zone of Germany and western Europe "doesn't amount to much." Interested countries of western Europe have been informed of the order through international railway channels.

A Berlin informant insisted that "technical difficulties are real and do exist" as far as the rail traffic into and from the Soviet zone is concerned."

What It Means

A certain number of freight trains have been moving into and through the American, British and French zones carrying manufactured and raw material products from the Russian zone.

The American-British action means trains carrying goods from the Russian zone to Switzerland, or to Bremen for shipment to Scandinavia no longer can travel through western Germany. The same ban applies to traffic from western Europe if its destination is in the Russian zone.

International mail trains will be permitted to pass, however. So will trains from eastern countries as, for instance, Poland. Russian trains returning German prisoners-of-war also will be permitted to enter the western zones.

An American military government official said the action may have "far reaching economic and political ramifications."

Have Been Cautious

American and British officials have hesitated a long time before taking the step because of its adverse effect on countries trading with the Soviet zone, the American official said. The decision was made because of the persistence of the Russian blockade of Berlin, he said.

The exact tonnage affected by the rail block is not known. The order will cut off the shipment of 20,000 tons a month of pyrite, a steel ingredient, from Italy to the Russian zone. It will halt the supply of brown coal from eastern Germany to Switzerland and stop a small amount of potash that has been going to Berlin.

Berlin Official Ousted

In another development, the Berlin city government ordered the dismissal of Police President Paul Markgraf, who was appointed to his position by the Russians in 1945

Dr. Ferdinand Friedensburg, deputy mayor of Berlin, said he had handed Markgraf a letter of dismissal, ordering him to turn over his office to his assistant. The move was expected to have wide repercussions in this four-power city.

FIRST JET FIGHTERS ARRIVE IN GERMANY

By The Associated Press

FUERSTENFELDBRUCK, GERMANY, July 26—Sixteen jet fighter planes ready for action bulwarked United States air power in Germany today—and 75 more will arrive soon. In Moscow, Russia unveiled several new jet fighter planes and bombers at the annual Soviet air show.

The U. S. Lockheed Shooting Stars roared into this former Nazi air base yesterday, completing a 5,000-mile flight from Selfridge, Mich., in only 12 hours and 10 minutes flying time. They cruised at an average of 400 miles an hour

The trail-blazing flight marked the first west-east crossing of the Atlantic by jets. Their arrival coincided with intensified military activity by British and American

WALLACE OPENS HIS "CRUSADE"

Third Party Adopts Program of 'Give-and-Take," Peace With Russia.

(Picture on Page 8)

By The Associated Press

PHILADELPHIA, July 26—Henry A Wallace rolled his new Progressive party today down a road he and his followers promised leads to a give-and-take peace with Russia

With an assertion that "we've just begun to roll the third party presidential nominee set out to plant in every state the seed of what he called a new political crusade

It was born here in a boisterous, singing shouting convention that ended last night in seven and one-half hours of free-for-all debate over a party platform.

Wallace glued to a television set while his friends were adopting a platform placing "joint responsibility" of the United States and Russia to keep the peace, then whirled off to a Youth for Wallace meeting.

Cheered by Teen Agers

As teen agers packed into a jammed hotel ballroom cheered lustily, the former vice president grinned widely, shoved back an unruly forelock and said

"Gosh, it's swell to meet with folks who are not playing it safe"

That was a keynote of this first Progressive party convention, which picked Senator Glen Taylor

Ohio's Parole Setup Studied

Herbert Convenes Group Today as Result of 2-Man Crime Wave.

By The Associated Press

COLUMBUS, O, July 26—Prompted by the recent two-man crime wave of Robert M. Daniels and John West, Gov Thomas J. Herbert met today with the parole authorities to discuss supervision of Ohio's parolees.

Daniels and West both were paroled from the Mansfield reformatory. They are accused of slaying six persons in a two-week blood orgy that ended Friday with West's death and Daniels' capture near Van Wert

The governor called an 11 a m. conference which was to be attended by Welfare Director Charles L. Sherwood state pardon and parole commission members Lawrence C Hackenberg, Percy R Lowery and Chairman Raymond A Younger, and G R Klopfenstein, chief of the bureau of probation and parole

Nothing in the past records of West and Daniels had indicated they might be guilty of violence of any kind, a spokesman for the governor's office said Saturday

Chairman Younger told his commission 85 per cent of the convicts paroled stay out of trouble after they leave prison, 7 per cent are returned as parole violators and 7½ per cent are guilty of actual crimes

Some time this week authorities

Former Marion Player One Of Six Dead in Bus Crash

(Photo on Page 7)

Stephen Lazar, 23, of Oliphant, Pa., a second baseman with the Marion Cardinals in 1946, was the sixth victim of a bus-truck crash near St. Paul, Minn., Saturday in which five Duluth baseball players died almost immediately and 14 others were injured.

Another former Marion player, shortstop Joseph Becker, was injured in the crash and is reported in serious condition in a St. Paul hospital today with severe burns and a compound fracture of the leg, The Associated Press said.

Both Here in 1946

Both were members of Marion's 1946 team when the local ball club was affiliated with the St. Louis Cardinals.

Lazar, who had been plagued with injuries during the whole of his baseball career, died in St. Paul's Ancker hospital today. He had been brought to the hospital unconscious Saturday after his team's bus collided with a truck hauling a cargo of dry ice.

Lazar, a small man as ball players go, broke his ankle when playing here two years ago, and a state industrial commission claims suit to cover damages for the injury is now on file in the Marion county common pleas court.

His ankles had always been weak and that weakness kept him from a more rapid advance in organized baseball He began his career with the class D Albany, Georgia, ball club, played half of a season here before his misfortune put him on the sidelines, then moved on to Class B Lynchburg, Va., and this year played on the class C Duluth Dukes, who were enroute to St. Cloud, Minn., from Eau Claire, Wis., when the head on crash occurred on the outskirts of St. Paul.

Four Killed Instantly

Four of Lazar's teammates were killed outright as the machines met on a slight rise in highway 23 at the northern edge of St. Paul They were George Trendwell, 42, of Superior, Wis., team

FOG BLAMED FOR AVIATION DISASTER

By The Associated Press

RIMOUSKI, QUEBEC, July 26—Authorities blamed fog today for a Saturday night plane crash on the Gaspe peninsula which killed 23 persons It was the worst aviation disaster in Canadian history

Most of the passengers aboard the chartered two-motor Dakota transport were lumberjacks heading for a holiday Two married couples and a baby also perished and Odette Ouellet, daughter of Wilfred Ouellet, a vice president of Rimouski airlines, which owned the plane, was reported among the victims.

The plane, making a 50-mile hop across the Gulf of St. Lawrence from Port Meunier, on Anticosti Island, to Gaspe, struck a mountain near Grand Neve, about 12 miles from its destination, and burned. Searchers found the wreckage yesterday and took the bodies to Gaspe.

Love's Perilous Path

By ADELE GARRISON

I was not in again making the alterations on the court gown which Olga was to wear at her daughter's wedding for I knew how skilled a seamstress she herself was trained as she had been in the domestic discipline of royal princesses in one of the most rigorous courts in Europe. But when I had finished and she inspected the gown carefully in the large pier glass with wings which was part of the furnishings of her bedroom, she threw up her hands in a heady salute.

"Perfect!" she said.

"I'll get you out of that dress," I said and kept my head down. When I had wriggled it over her head and laid it on the bed she embraced me warmly, and kissed me. Then she turned gaily to Mary and Olga, at glancing at the clock on the mantel.

"We shall have time to go see the other gowns if we hurry," she said. "Madge will you take Mary and I will take Olga. My eyes tell me there will be few alterations needed."

"Come over here, Mary," I said with purposed flippancy to cover Olga's patent desire that no hands other than her own should alter her daughter's wedding gown. "And if you dare to wriggle while I'm fitting you I shall—"

"You will what?" the wriggle Mary said darkly. "But I'll game."

Just stand still Mary you will be safe," I told her gaily. "And don't talk." I added sensing Olga's desire for absolute quiet as she worked over Olga gown. Mary's set up her lips in an attempt to make me laugh. But I shook my head at her smiling and began my task of fitting the court gown to her figure. Olga's eyes had been correct in their judgment and in a few minutes I was wriggling Mary's gown over her head.

Olga was still working over Olina's fitting and Mary silently donned her everyday gown again while I unpacked Faith's little party dress which I had brought from our own apartment and laid it beside the exquisite court gown which Philip had brought from his warehouse for her.

There Olga said before I could begin comparing the two. I think that is the last pin. But I shall need both Mary and you Madge in getting Olina out of this gown especially with the veil.

"We're right with you," I told her and with infinite pains Olga and I slipped the gown over Olina's head while Mary guarded the train.

Olga sent a practiced glance at her own bed on which were spread her gown and Mary's and another at the couch on which I had put Faith two dresses.

"We'll have to put this gown on your own bed dearest," she told Olina and her daughter caught up her everyday gown.

"I'll just run ahead and see that there's nothing on it," she said and dashed toward her own room. Olga and I both lifting the gown between us and Mary bringing up the rear with the train made the trip more slowly and when we had put the gown down on Olina's bed Olga sighed with relief.

"Now we only have Faith's gown," she said.

"I already have begun to measure her party gown against the court one," I said.

"May I ask a question," said Olga make a suggestion Mary [illegible] ed.

PRODUCTION UP AT PACKARD

Optimism Invades Plant After Two Lean Postwar Years.

By DAVID J WILKIE
AP Automotive Editor

DETROIT July 26—There is more optimism in the big Packard plant today than at any time since the war.

Packard which found the going rough for more than two years after the war started the way back. Buying, manpower and material difficulties, it has a good chance of producing more cars this year than in any pre ous 12 months in its long history. And, if things go well, its financial statement for 1948 will show a satisfactory year. That's the way George T Christopher Packard president and general manager puts it.

Christopher gave no specific figures on this years probable earnings but the report for the first six months to be ready early in August will show a net of around $6 000 000.

If the shortages that have plagued the entire car industry do not hit Packard too hard during the remainder of the year production for 1948 may go as high as 116 000 units. So far this year Packard has made nearly 53,000 cars. Its best year was 1937 when it rolled out 109 518 cars.

Postwar Production Low

When Packard came out of the World War II production battle it found most of its civilian steel sources had been bought out from under it. It made 2 722 cars in 1945 the next year 42 102 were built and last year 55,477.

Christopher licked Packard's steel problem insofar as it could be licked at a time when overall output is far short of demand. But he has no illusions about what lies ahead.

One week he said in an interview today "it's steer g gears the next short supply the next week it may be bodies and then something else. There never has been a time in automotive industry history when its problems were so difficult to anticipate.

Christopher believes steel will continue to be an industry-wide problem through next year and possibly into 1949. "Certainly he said "the industry will be able to make more cars next year than it will turn out in 1948.

"That means of course that demand will exceed the supply even into 1950.

Recent steel price increases together with the added costs resulting from the hiking of steel freight charges to the consumer a 7 increase automobile production costs by about $25 per car, Christopher said.

Yet he added, Packard "has no plans for an immediate increase in the price of its cars." He would not say a price increase will not be made this year, but explained "We have yet to determine exactly how much increased materials charges and the recent round of wage increases will add to our production costs. We like to average out all factors involved in manufacturing operations."

Packard Christopher said "is going to get all the production possible during the rest of 1948. A model change-over is not in the planning for the remainder of the year.

"As a matter of fact the public needs transportation right now more than it needs a model change. Furnishing that transportation very definitely is the car industry's responsibility."

Mission Conference Ends at Asbury Church

The annual conference of the Council of the American Mission Band closed Saturday following a two-day session at Asbury church here. Leo Patton of Marion presided as moderator during which contributions were made to the local church and the foreign mission fund and two men were ordained.

A contribution of $25 was made to the Asbury church building fund and a donation also made to the foreign mission fund of the church. Rev. Frank Rupert of Sanborn N Y and Rev. George Atkinson of Marion were ordained.

During a business session Rev. William O Baker of Marion was elected secretary of the council. Present from out of the city were Rev. Robert Oler of Marengo and Mr. and Mrs. Hageman of Findlay. The council is interdenominational. The next council will be held on Friday and Saturday of the third week in July 1949 at Marion.

RADNOR CLASS ELECTS

Election of officers for the new year was held at a meeting of the RFD class of the Radnor Baptist church Thursday night at the church. Mrs. Oscar Bodley was elected teacher. Mrs. Everett Baxter, president, Mrs. Homer Shoaf vice president, Mrs. F. H. Russell secretary Mrs. Ronald Householder, assistant secretary, Miss Anita Griffiths, treasurer and Mrs. Ross Jones, assistant treasurer. Annual reports were also given.

ATTEND SUMMER SCHOOL

Two Marion county school teachers, Mrs. Helen Lott and Miss Gladys Edelman both of Marion, are now attending the summer session which is being held at Wilmington College. Wilmington O. according to information received from the college. They are among 400 students enrolled for the summer at the college. The registration is the largest summer enrollment since 1932, the college reported. Mrs. Lott taught last year at Prospect in the county and Miss Edelman was a teacher at Greenwood school.

The weight of the armour worn in the middle ages was as much as 100 pounds.

"Why, it's quiet as a puppy on his pillow!"

THAT'S the way one Buick owner puts it—and we think the picture is pretty pat.

Because you know what a perfect image of complete serenity a sleeping puppy makes.

Yet you know how instantly he comes to life, how quick and eager and ready for fun he is the moment you give the signal.

Now slip into one of these Buick beauties—and see how precisely the shoe fits.

Standing still—while you wait for a light, for instance—you hardly know your engine's running. All hum, drum and engine sensation seem magically wiped away.

Then you nudge the gas treadle, ever so little.

In an instant, eight eager cylinders take hold—and you swoosh away like a bare before hounds, leaving the whole pack trailing.

Now, it takes a couple of major engineering developments to make that combination possible.

First off, it takes plenty of lively, eager power. Fireball power, such as only Buick has, ready to squeeze the last bit of action from every drop of gas.

Then it takes something really new in the way of engine mountings. In this case, Hi-Poised engine mountings that literally rock vibration to sleep.

Technically, engineers tell us, it's a matter of controlling the frequency of vibrations to which all cars fall heir. It means cradling the power plant at scientifically determined points—and smothering vibration build-up in fat pillows of specially compounded rubber.

The result? Well, it adds up to cyclonic power wrapped in velvet. Life—ginger—get-up-and-go—in a package that's being called the silkiest thing on wheels.

Why not learn more about it—first hand? Your Buick dealer will do his best to oblige—and he'll take your order with or without a oar to trade.

BUICK alone has all these features
★ DYNAFLOW DRIVE ★ ROAD-RIDE BALANCE

MONDAY JULY 26 1948

Who's To Blame?

WITH two ruthless killers on the loose in northwestern Ohio the moralizing begins One was killed authorities plan to charge the survivor with one or more counts of murders

In the search for a scapegoat the criminal system is coming in for its share of criticism The penal system and the parole system is being attacked Granted that society has flaws the penal system is imperfect and the parole system undermanned the murderous escapade of West and Daniels can't be chargeable to any one shortcoming if indeed it is chargeable to any The parole board had carefully screened their records An official observed If we kept in people like West and Daniels we'd never parole anybody

The bloody adventure of these two is comparable to an insane man running amuck or an elephant going berserk in a crowded circus tent Their escapade will result in a long hard look at our penal and parole systems but there's a good chance a pair like West and Daniels would have filtered through any barriers put up to keep viruses out of society's bloodstream

Old Presidential Custom

PRESIDENT TRUMAN will open his campaign for election this week with a blast at congress Details of the blast will be relayed to all points of the country in the routine of reporting the news from Washington because the President of the United States cannot be ignored Mr Truman will have at no expense to the Democratic national committee a roaring send off for his 1948 electioneering The public of course will bear the expenses incidental to the special session of congress The agencies of communication will do the rest.

It must be acknowledged in fairness that Mr Truman is relying on an old presidential custom by dramatizing his differences with congress The same thing has been done since the administration of George Washington, who as the first President was the first to discover that it was feasible to put congress on the spot by rallying public attention to its imperfections The division of government authority gives the chief executive a strong advantage in this sort of thing

The chief executive always can point the finger of personal scorn at congress which is composed of many citizens with conflicting points of view or at the supreme court Congress and the court, however, having no single voice cannot retaliate in kind

This disadvantage has been alarming at times It has been used ruthlessly at the expense of the prestige of the legislative and judicial branches Their proper functions and special problems have been misrepresented for narrow partisan advantage The same danger is implicit in what Mr Truman now proposes to do The legislative branch is going to be manhandled for no better reason than election year politics

Next Month's Convention

THERE'S to be another party convention next month It will be different from those held so far

The scene will be a hall on Manhattan's upper West Side Although this party sneers at the major party conventions as 'controlled' its sessions will be far more rigidly rigged and its delegates more carefully screened The press will be barred but radio network will be invited to drink in such phones for selected anti Wall Street speeches In the galleries will be observers from Russia and Hungary Britain was to have been represented too but visa trouble intervened

If there is among the delegates any who disagree with the policies set forth by the leaders they'll remain silent Any who vocally have objected to the party line will be denied admittance even as visitors

In case you haven't guessed this will be the Communist party's convention

Conscientious Objectors

WITH SELECTIVE service legislation entitled to be enacted next week the problem of conscientious objectors will come up again The new law places less emphasis on objectors than did the 1940 legislation

The 1948 act follows the language of the 1940 measure in specifying that no person shall be subject to combatant training and service who by reason of religious training and belief is conscientiously opposed to participation in war in any form But the law goes beyond the 1940 act in defining such training and belief as an individual's belief in a relation to a Supreme Being involving duties superior to those arising from any human relation but does not include essentially political sociological or philosophical views or a merely personal moral code"

This means selective service officials will no longer interpret any and all opposition to war as being in essence religious The new law also specifies that "ministers of religion exempt from service do not include individuals who preach or preach the religious principles of a church or sect only "irregularly or incidentally"

The Wallace Party and Socialism

IN SUMMARY the Wallace party has declared itself a Socialist party sympathetic to Soviet Russia fronting for the American Communist party but not associated with the Communist International The three principal leaders of the group Henry Wallace Rexford Guy Tugwell and Lee Pressman were powerful factors in the Roosevelt administration and therefore they give us another view of what went on behind the closed doors of the White House

SOKOLSKY

Franklin D Roosevelt was a Socialist He was a fox politician who kept his left wing supporters slightly left of center Every doubtful issue he understood the theoretical basis of socialism and probably agreed but his associates were not to go not a settlement sound or manageable to him He let Tugwell go when Tugwell's Progressive Party became a ballot problem in California and Ohio Tugwell is a powerful factor that never fully pushed out John L Lewis and made a prisoner of Philip Murray

Not Easily Humiliated

Wallace never let power and influence in his administration have been a horrible trouble to Roosevelt who unquestionably thought it the best way to get him off politically when he deprived him of the vice presidential nomination in 1944 Wallace however was hard to humiliate because he is utterly too sleek or too tough-skinned to suffer from humiliation Wallace after Truman became President proved that without restraint he is capable of any political or personal impropriety At any rate he set out to punish Truman for not securing him to the vice presidency and he has been a huge success at it

Truman might have served his country well by fighting the socialism of this group but Truman and his advisers bitterly from an American economic program to one which would meet Wallace's attacks He sacrificed his party lowered his prestige by using the great powers of the President for partisan purposes moved into a leftist position where he is an unfortunable as a fat man at a tea party and now may be defeated because he steered that hard enough to left wing applause

No Yielding by Socialists

What Truman does not understand is that a Socialist never compromises He can't get one step beyond any step he takes Socialism is the belief in the ultimate perfectibility of man and the possibility of a perfect society Marx is the infallible Prophet and doubt is when he became active

Their Favorite Hates

The American Marxists, the entire Communist party membership Socialist sympathizers Henry Wallace is a godsend He has such a mute as Rexford Guy Tugwell and Glen Taylor are Communists by affiliation and I should imagine that most of the members of the new party will Socialists They never give her a chance to forget Franklin D Roosevelt and letters of Herbert Hoover They can't hate Harry Truman and George Marshall They despise Tom Dewey They appeal to the rather prosperous offensive not entirely unsuccessful

But it is a difficult thing to make Truman look weak They can't make that stick Henry Wallace and Glen Taylor They present what they will invest in bringing out the defeat of Harry Truman Yet they expect to campaign and by their election at the same time for all the six years

There is only one bright spot in the house Representatives are Marcantonio Lee Pressman and Leo Isaacson are but three of the men they expect to send to the House of Representatives A more curious collection of misfits of the country it would be hard to find that they might be use the public services who will fight as a team who will be extraordinarily difficult to position and who will leak distorted data to favorite reporters and commentators

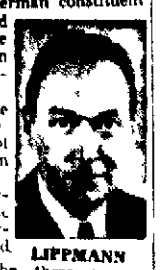
This group will form the nucleus of a Socialist power in this country It needs to be watched and understood

Berlin Setback for U. S.

By Walter Lippmann

IN ORDER to repair the damage even though as it now seems possible we manage to stay in Berlin without having to fight a war about it we still have suffered a serious diplomatic setback

The price of peace with honor is to recede from a position to which we were spectacularly committed — from the German policy which Mr Bevin and Mr Marshall adopted and imposed on M Bidault at the London conference which ended in June The London agreement called for a provisional government for western Germany in Frankfurt, operating under a constitution drafted by a German constituent assembly and approved by the three western military governors



LIPPMANN

Though the London agreements did not preclude an eventual four power agreement about the whole of Germany they did assume that the three powers alone could and would be able to present the Russians with an accomplished fact namely, a western German state which was self-supporting within the European Recovery Program and politically aligned with the West against the East

This German policy would have collapsed even if the Russians had not put the squeeze on us in Berlin For the Germans themselves refused to carry it out The French government which was pushed into approving it was undermined and the French foreign minister M Bidault who was made to feel he had defended it has been vehement

Now that Mr Bevin and Mr Marshall are going to the meeting with the Russian agreements assumed we would not do We are insisting on maintaining our position in Berlin and are going to set up a government in the western zone of Germany

The sequence of events shows plainly that it was the London agreements about Germany which placed us in an untenable position, which gave the Russians not only the pretext but the opportunity and the means for a powerful and effective diplomatic counter-offensive

In the London agreements we had with a good deal of fanfare committed ourselves to a German policy which we could not carry out because it had no genuine support anywhere on the European continent, which would not have worked if it had been carried out because it is an economic impossibility, which, if the Germans were willing to carry it out would have ended inexorably either in a world war or in a German-Russian deal at the expense of the rest of Europe

We must of course regret that we have had to retreat under Soviet pressure and in the midst of the spectacular crisis in Berlin But we need have no regrets that we must revise the policy It has never reflected the real views and the true judgment of the Americans who are supposed to make our foreign policy Now it is consistent with the ideals principles and plans of American foreign policy for Europe in revival, security and settlement

Prime Mover

The prime mover of this German policy though it was negotiated by the American ambassador in London was Gen Clay seconded by his advisers in Berlin his immediate superiors in the Pentagon notably Dr Draper and Mr Royall and by British officials in Germany and in the Foreign Office

The basic conception of the policy was in direct contradiction with the understanding reached by Mr Marshall Mr Dulles and Mr Bidault when we were together in Moscow in the early spring of 1947 The understanding was that a German settlement was to be fitted into a European settlement and that restoration of German government must follow not precede the construction of a framework of European security

Mr Marshall's foreign policy — that the recovery program and partnership of western Europe meant that there would be a German government before a peace treaty was sufficient unto itself and that it would not be a threat to the peace of Europe on the German state

RUSSIAN language specialists worth making up apparently for what they had missed during the war

Many experts say that only a small portion of the Russian material is being read because qualified translators are not available Of all the mass of material received the translators are only scratching the surface

Most translators are Russian emigres who have been in this country since the Bolshevik revolution or before Very few of them do well with scientific material And the supply of emigres is running out

Schools however are entering the breach Russian language courses are now offered in 140 colleges and army and navy graduate schools Only 40 colleges offered Russian in 1943

Parking Problem

San Francisco, the nation's hilliest metropolis, has a peculiar parking problem Three hundred driverless vehicles parked on its hills streets broke loose and ran out of control during the first six months of this year reports the San Francisco Chronicle

The city has an ordinance requiring that a vehicle parked on a hill be left with the hand brake set and the wheels turned so as to force the car toward the curb if it should begin rolling

The police handed out 16 628 summonses for improper parking in the first six months of the year At $5 a head this adds up to a tidy sum but the Chronicle believes heavier fines should be imposed Obviously the $5 fine isn't enough of a deterrent

MR WILL HARRIDGE
President The American League

PHILLIPS

Dear Sir

As you know baseball is the national game and why not baseball players are human beings and nobody could play baseball if they were made to work

And how can a baseball player do justice to his batting if he is worrying about the next game

Are you just a baseball fan like you and I and afraid some umpire

The umpires in baseball are the same as referees in basketball and football Referees are so many games and they get so much experience that they know when to call a foul and when not to call a foul Take Mr Hedges and Mr McGowan they are two of the best officials now being used

At any rate players should be allowed courtesies like these umpires and I think this matter should be looked into and solved to avoid any more trouble

But even if an umpire should lose his temper and blow his top and forget himself to the point where he should be asked out for punishment these days he would be fined in the routine proceedings It is a game only American sports fans are allowed to get excited about long suffering" Or is the fault that baseball took place in Washington D C where so many people are employed by the government down there and it is a government policy that an example should be made of somebody?

Anyhow I am all upset If there is need of one thing it is more respect for baseball and the baseball umpire has been a target for symbol of that respect You can't go too far In a world of strain and blood pressure baseball should be allowed to be a place of relief but even four balls Everybody else's

Yours in fear

Blessings on Tootsie

By TRUMAN TWILL

Thanks to the advertisements all of us know that the most powerful force in American business today is the boss's pretty secretary

Miss Tootsie be dee boo a symbol of efficiency has become the envy of big business It keeps its shrewd employer glued on her pretty face and rushing him to the first sign of a pout or a smile of disdain

The advertisements assert that she is guard round the clock devoted to getting the best of everything the instant it hits the market A smile on her pretty face is enough to launch a million new toothpastes or the latest design If she says she does not like her writing paper old No 1 has been using old No 1 personally sees to it that the company switches to Bond plain white marked Personal sheet and offered in 12 pastel shades to suit the mood

Does Miss Tootsie indigestion bring on a feeling with tell tale symptoms of [illegible] Horrors In the event all in the company rush to tear down the office and rebuild it with the latest in sanitation heating and air-conditioning Miss Tootsie comfort comes first

Perhaps she is using the wrong kind of typewriter ribbon Maybe the pencils are not the right shade Maybe the paper is not the right shade in which to write Whatever it is if Miss Tootsie can be kept happy and smiling then everything will be all right and there is a substantial increase in net profit at the end of the year

The advertisements do not take into account the possibility that male executives may fear their pretty fingernails get the blues and sometimes are late for the date—but why should they? And why should they give any consideration whatever to the fact that some bosses have secretaries who [illegible] and no one cares whether they are late for the game or not?

It is the boss's photogenic secretary that sets the pace Nothing is too good for her according to the advertisements [illegible] half good enough She is the symbol of enterprise, bless her Hail to the [illegible] work style and [illegible] Bless her sweet face and pretty legs Bless the advertisements for keeping her and me and it She has become more important to us mortals who struggle to be happy though working

Marion County Included In School Survey Report

A "satisfactory" school district must have at least 1,200 pupils between the ages of 6 and 18, according to the report of a committee of the County Superintendents association of Northwestern Ohio.

The report issued today at Bowling Green State university follows a study of the problem of reorganization of school districts made by the superintendents' association during the past year. It was issued by Dr John E. Gee, Bowling Green State university faculty member and committee consultant.

A similar study to investigate the possibility of school district reorganization in Marion county is scheduled to get underway shortly. The study is to be made by a fact finding committee comprising representatives of all Marion county school districts.

Fewer Pupils, Higher Cost

The report issued at Bowling Green declares that a school district with a much smaller number of pupils than the 1,200 figure mentioned, can offer a good program only at a great cost per pupil.

In addition to the recommendation concerning the size of the districts the group believes that:

1—One or more well-qualified teachers should be on duty for each grade. Specialists should be available to assist in reading difficulties, health education, music, art, and other studies.

2—A satisfactory district either should be big enough to provide all needed educational staffs and services or it should supplement its efforts by being part of a large intermediate district. A good district should have one or more elementary schools, at least one high school and, where possible, a junior college.

3—The district board of education is responsible to the people of the district. The board should have ample resources from district and state funds to provide educational services.

Marion County In List

The committee which made the study included county superintendents of Paulding, Allen, Seneca, Lucas, Defiance and Erie counties. Committees members surveyed superintendents in 10 other counties including Marion, Crawford, Hardin and Morrow.

The Marion county board of education Thursday night approved plans for a meeting of the local fact finding committee the first week in August, County Supt D T Mills reported today. Letters to the 13 member group suggested either Aug. 4, 5, or 6 as tentative meeting dates.

In addition the county board recommended that the committee be enlarged from the original group named at the meeting here July 7 when proposals for possible consolidation of Marion county high schools were presented for consideration by the local districts by A. D. St. Clair, field agent for the state department of education.

The committee named at that time includes W. E. Harrington, superintendent at Morral, Mrs. Martin Knapp, president of the LaRue PTA, V. L. Anderson, superintendent at Prospect and these school district board members, O. M. Mills of Caledonia, Jack Simms of Mecker, R. M. Hough of Claridon, Wallace Linn of Grand Prairie, Beaver Bricker of Green Camp, Alvin LaRue of New Bloomington, R. F. Terrell of Pleasant, Harry Longacre of Scott, Howard Crawbaugh of Tully and Walter Bender of Waldo.

Your Good Health

Proper Food in Keeping Liver Healthy.

The more we learn of the body and its functions, the more clearly we see the importance of proper food to health. Give the body enough of the tools it needs in the form of proteins, vitamins, and minerals, and it will use them to build a state of robust health. Deprive it of these things and it not only fails to function as it should during the period of privation but may even suffer permanent damage which can never be made good.

This is particularly true of the liver, largest of the body's vital organs, and one of the most complex. During the recent research which has centered around this organ, it has been found that certain substances in every well-balanced diet play a signal role in keeping the liver healthy. They are called lipotropic factors because they aid in the body's use of fats.

Among these health-building lipotropic substances are choline, a part of that powerful bundle of vitamins known as the B-complex and the amino acid called methionine. The amino acids are the building block of the protein found principally and abundantly in such foods as meat, milk and eggs.

When a diet which does not contain enough of these lipotropic factors is given to animals, a great amount of fat is deposited in the liver with the gradual formation of non-functioning scar tissue in place of working liver cells. Ultimately, large areas of the liver are hardened in this way and the condition known as cirrhosis is produced. Not only can these changes be brought about in animals by withholding choline and methionine, but the first step in this process which is the deposit of fat in the liver can be reversed by adding them once again to the diet. Naturally, the scar tissue already formed will remain permanently, but the giving of choline and methionine will cause a rapid disappearance of fat from the liver and a regeneration of cells which have been injured rather than killed.

A number of other observations seem to show the relation between the absence of these lipotropic factors and the development of liver damage.

For example, in such countries as India, Syria and China, where the diet is poor in vitamins and proteins, a great deal of cirrhosis develops. In a certain area in South Africa, the natives live, for the most part, on starchy foods, principally ground meal, and only very small amounts of milk. Meat is rarely eaten. Thus, the diet of these natives is greatly deficient in proteins and vitamins. In these people, it has been found that cirrhosis of the liver was present in four out of five of the men who died and were examined after death.

There has also been some suggestion that the liver damage may be due to the use of alcoholic beverages, but it has not been possible to show that alcoholism by itself can produce cirrhosis of the liver. It is likely that a food deficiency develops because such people are too busy drinking to eat. Modern research indicates that too little food, rather than too much drink is the basic cause of the liver damage so often found among alcoholics.

Trustees and Clerks Hold Annual Picnic

Joseph Thomas of Marysville, president of the Ohio Association of Township Trustees, headed a list of guests who attended the annual picnic of the Marion County Association of Township Trustees held at 6:30 last night at Garfield park.

Other guests at the picnic were Carl H. Lahner, William Risch, and Luther J. Mitchell, Marion county commissioners, Walter Guthrie, clerk of commissioners, and H. L. Castle of Fredericktown.

Seventy-five members of the trustees association, their wives and families attended the picnic. A program of games and sports activities brought the picnic to a close.

Factory Pay Average Pushed to Record High

By The Associated Press

WASHINGTON, July 26—Third round pay boosts helped push average weekly earnings of factory workers to a record high of $53.01 on June 15.

And average wages of union building trades workers hit a new peak of $2.10 an hour on July 1.

These latest bureau of labor statistic reports added fuel to the economic debate certain to be touched off when President Truman outlines his anti-inflation program to the special session of congress tomorrow.

BLS last week told of new record highs in its cost of living and wholesale price indexes.

ANNOUNCE SPECIAL PARK SERVICE TONIGHT

Special services for tonight and tomorrow night for the Gospel tent meeting in progress at Garfield park have been announced by Rev. Marvin Lewis, evangelist. The Calvary Gospel quartet of the Bible Institute of Los Angeles, Calif., will be present to give a musical program and direct a song service at 7:45. This musical group is touring the country by appearances in churches of various denominations, and it was possible for the men to be in Marion only through a cancellation of services elsewhere, he said. The services in the tent on the park grounds will continue each night this week and through Sunday afternoon.

Piles Are Never "Mild"
DANGER IN NEGLECT
No one should ever think of piles (hemorrhoids) as a "mild" disorder.
Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves; instead, they are likely, if neglected to keep increasing in size, involving more and more of the rectal area.
Even a so-called "mild" case may be expected to undermine one's health, by inviting predisposing to or aggravating other ailments, such as: indigestion, biliousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability.
Removal of piles is the only permanent relief written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom is the patient required to lose any time from work or other duties.

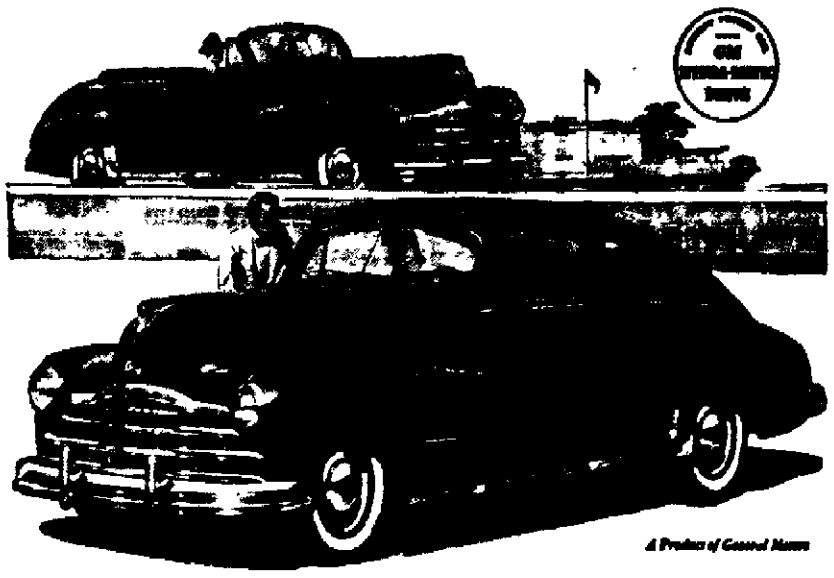
PONTIAC


A Product of General Motors
Fine for its *Second* owner too!
Recently, a large group of *used* car owners were asked what car they would buy if they were buying *new* cars today. Those who own used Pontiacs led them all in saying they would buy new cars of the same make they are now driving.
In other words—according to this survey—*a used Pontiac is more satisfactory to own than any other make of used car.*
Of course, that could mean only one thing: Pontiac's dependability and long life are outstanding, and Pontiac's fine performance lasts throughout the years. There could be no finer endorsement of a new car than this—and we trust you won't forget it when you order your own next car.
Remember, too, Pontiac is the lowest priced car in the world offering GM Hydra-Matic Drive*—a tremendous advance in better motoring.
It's wise to choose a Pontiac—a car so fine that even its *second* owner is sure to like it.
*General Motors Hydra-Matic Drive and White Sidewall Tires optional at additional cost.

Social Affairs

THIS week's social activities include a picnic planned by Gamma Mu chapter, Delta Theta Tau sorority. The members will be joined by their husbands and friends for a picnic Tuesday evening at Mar-O-Del golf course. The supper scheduled for 6:30 o'clock is being arranged by a committee composed of Mrs. Earl McWherter, Mrs. Fred Kempton, Mrs. Ronald Rush, Mrs. Don Ruth, Mrs. Idella Henninger and Miss Lucille Crock.

MEMBERS of Zeta Theta chapter, Alpha Iota sorority will hear reports on the national convention held early this month in New York City when they meet Wednesday evening at the home of Miss Martha Fabian on Johnson street. Later the group will hold an ice cream party. The convention reports will be given by Miss Fabian and Miss Maxine Dunn. Miss Josephine Manzo, social chairman, is in charge of arrangements for the social hour.

Mrs. Howard Gilbert of Oak street was hostess when Alpha chapter of Gradale sorority met for a basket picnic Wednesday evening. Assisting Mrs. Gilbert in arranging for the affair was Mrs. Richard Meister. Another picnic was planned for Aug. 18.

A 1 o'clock potluck luncheon was held Thursday at the home of Mrs. Lester Osbourn of 886 Umpher avenue in honor of Mrs. Charles Brady of the Irvin-Shoots road. Guests included Mrs. H. J. Loudenslager, Mrs. Don Davis, Mrs. Rosa Fogle, Mrs. John Goyer and son Steven and Miss Joan Osbourn.

Weddings

Miss Ruth Arleen Pollock, daughter of Mr. and Mrs. Clare Pollock of Cardington, became the bride Wednesday, June 16, of Marion Cluff Mahaffey, son of Marion Mahaffey, east of Marion. The double ring ceremony was performed by Rev. Earl L. Holliday, pastor of the Maranatha Bible [illegible] in his home at 190 Hance avenue. Mr. and Mrs. Claude Crystal of near Marion were the couple's attendants.

For her wedding the bride wore a grey street length dress with white accessories and a corsage of red roses.

The bridegroom, a Standard Oil Co. employe in Marion, served 26 months in World War II, nearly all of that time in Europe. The bride is a part-time employe of the F. W. Woolworth Co. store. Following a brief wedding trip, they are making their home in Marion.

TWO DROWN IN LAKE

CLEVELAND, July 26 — Paul Kmiec, 40, and Frank Olbrys, 48, drowned in Lake Erie yesterday a mile off shore when their rowboat capsized. A companion, Joseph G. Kaminski, 52, was rescued when an outbound freighter crew heard his cries for help. Bodies of the victims were being sought by the Coast Guard.

Couple Exchange Vows in Church At Detroit, Mich.

OF INTEREST here is the announcement of the marriage of Miss Mary Louise Knapp of Detroit, Mich., daughter of Mr. and Mrs. Andrew E. Knapp of west of Marion, former residents of Detroit, to James C. Henderson of Florida. The bridegroom is the son of Mrs. James C. Henderson of Delray Beach, Fla., and the late Mr. Henderson.

The wedding took place Saturday at 3 o'clock in the afternoon in the Bush Congregational church in Detroit with the pastor, Rev. Prescott Keating, officiating.

The altar was decorated with baskets of flowers, palms and lighted candles in candelabra. A program of traditional wedding music was presented preceding the ceremony. Soloist was Mrs. Margaret Martin Edmonds of Ann Arbor, Mich., college roommate of the bride. Her numbers were "The Lord's Prayer," "Malotte," "Ich Liebe Dich," Grieg, and "Beloved," "Tis Morn," Hickey-Aylward.

Escorted to the altar and given in marriage by her father, the bride wore a gown of candlelight satin and Venetian lace styled with a fitted bodice and circular skirt which extended into a train. The bodice, fashioned with a drop shoulder effect, had a deep yoke of transparent marquisette outlined with a deep collar of appliqued lace in ecru. She wore a fingertip length mantilla of matching lace appliqued on bridal illusion and she carried a bouquet of gardenias.

The bride's only attendant was Miss Velma Froud of Detroit, a college friend. She was attired in a gown of marquisette over soft rose taffeta with which she wore a matching hat. She carried a bouquet of blue delphinium and baby breath.

Serving as best man for the bridegroom was Carl Knapp of Buchanan, Mich. Ushers were Dr. Carl Rouchen of Delray Beach, Fla., who is at present interning in a Detroit hospital, and Burt Hogan of Detroit and Tawas City, Mich.

For her daughter's wedding, Mrs. Knapp chose a gown of chantilly lace in a soft gray shade with which she wore violet accessories.

Following the ceremony a reception was held in the ball room of the Dearborn Inn. Throughout the reception, a background of music was provided by Mrs. Dorothy Arnold of Detroit, a college roommate of the bride. Her selections included "Moon Over Miami," "Louise," "Come Back To Sorrento," "Some Sunday Morning," "Mary Lou," and "This Is the Hour."

Later the couple left on an extended trip south toward Miami, Fla., where they will make their future home.

Mrs. Henderson was graduated from McKenzie High scohol in Detroit and from the University of Michigan. She received her master's degree in music education from Wayne university, and has been employed as a music teacher in McMichael Junior High school in Detroit. Mr. Henderson is associated with a hotel business in Miami, Fla.

Wallace Gets 'em to Pay To See Political Rally

PHILADELPHIA

HENRY WALLACE'S Progressive party will go down in political history for at least one thing: it has learned the secret of the American treasury.

This secret is that a lot of little people can fork over more dough than a few big people.

The money that one reluctant millionaire will disgorge in a moment of private appeal for the salvation of the Democratic or Republican party is strictly limited.

But when Hank Wallace's fund raiser hits the platform in front of 30,000 or more cheering partisans, the pocketbook appeal is unlimited.

HAL BOYLE

This experienced front man, William Gail Boyle, a ripe-mouthed, balding radio voice of extreme unction, begins with a plea for $1,000 contributions to the Progressive party. He ends his monologue by calling up the ushers to gather in all the stray silver.

Aimee Semple McPherson or Father Divine had the same approach. They did it in the name of religion and a heaven that had its pie in the sky.

The Progressive party has changed the appeal from religion to politics. It calls for the dollars from the common people on a program that offers the hope of pie here and now.

By tapping the wallet of the ordinary man, Henry Wallace has caught up with the treasury — which long has known that the working man can pay more than the multi-millionaire. There just happen to be a darn sight more working men in the world than there are multi-millionaires.

WALLACE HIMSELF HAS no direct connection physically with such treasury considerations. He doesn't appear on the platform until the gilt and the felt has been collected and delivered.

Then he comes out and talks about issues instead of dollars. He says that if he were president the present political crisis with Russia over the scarlet blockade of Berlin wouldn't exist. He doesn't say why it wouldn't. He just says it wouldn't.

He said nothing about the $30,000 including the federal amusement tax which his supporters paid to hear him in Shibe park, Saturday night.

He said nothing as he stood on a boxing platform behind second base while a golden moon rose over the right field fence about the $50,000 the crowd had pledged for the purchase of radio time before he arrived.

WALLACE DOESN'T MENTION those things—and probably Aimee Semple McPherson didn't either.

He just shook the famous forelock out of his eyes, threw his head back for the cheers in a manner reminiscent but unequal to Franklin D. Roosevelt and pitched again and again verbally for the century of the common man.

He talked of peace and plenty, conciliation of Russia and banged the Wall Street scoundrels off the backboard.

But politicians always have talked of peace and plenty and hit the sawdust trail of accusation against Wall Street.

What they will be amazed at Wallace for is this—that he got thousands of voters to pay money to hear him make an election speech.

It will remain a thing of awe to professional politicians that people paid out of their own hard cash to see a man baptize his own party. This was something new.

Maybe congress would get a better house by charging an admission fee, too.

Bernard C. Moloney, administrative law and procedure; Ben T. Wiant, corporation law; former state bar President Howard F. Guthery, international relations; and Ohio judicial system.

4 TELEPHONE UNIONS VIE FOR WAGE BOOST

By The United Press

WASHINGTON, July 26—[illegible] strike threats [illegible] the telephone industry today as [illegible] unions vied with each other to win the first 1948 wage increase for phone workers.

Federal mediator [illegible] said independent unions representing Ohio Bell Telephone Co. had completed filing requirements under the Taft-Hartley law and will be free to strike after Wednesday for a pay boost.

The other strike threat was made by the association of Communication Equipment workers, affiliated with the CIO telephone workers organizing committee. CIO President Philip Murray is due to confer in New York tomorrow with Western Electric Co. officials in an effort to avert a nationwide walkout of 20,000 installers of telephone equipment.

Meanwhile, Daniel W. Tracy, president of the International Brotherhood of Electrical Workers (AFL), said his locals in the telephone industry would refuse to accept long-term contracts without an immediate general wage increase.

"The American Telephone & Telegraph Co. is one of the richest monopolies in the world," Tracy said in a statement. "Yet it's the only major industry which hasn't granted a pay raise to its employes this year.

STEEL PRICE BOOSTS RAISE COST OF CARS

By The Associated Press

CLEVELAND, July 26—The steel price boosts of last week may make new refrigerators cost $10 to $20 more and add $50 to $100 on the bill of the new car purchaser, the magazine Steel said today.

The weekly reported that the steel price increases average over $9 a ton and for some specific products were as high as $17 a ton.

Substantial price hikes can be expected on any article made of metals reflecting the impact of recent and current wage and raw material costs, the magazine said and estimated the increased steel bill to consumers will run into the hundreds of millions of dollars.

While in the case of automobiles and refrigerators for example, Steel said the increased costs of steel is estimated at $1.25 to $1.50 and $10 to $15 respectively, other costs including third-round wage increases have not been passed on to consumers. Consequently, increases of $10 to $20 in refrigerators, $50 to $100 in automobiles and similarly higher prices on products would not be surprising."

Last week's ingot operations increased 2½ points to 93 per cent of capacity, or 1,677,000 tons of ingots and castings. Pittsburgh's production rose seven points to 82, Youngstown's six to 100 and Cleveland's 4½ to 99. Operations declined one point to 88 in Chicago, two to 86 in Cincinnati, three to 89 in Wheeling and four to 78 in St. Louis.

BRINGS FIRE TO STATION

Seldom does the Marion city fire department get such cooperation as provided by G. W. Roberts of 220 East Church street. At 4:50 p. m. Saturday he drove his smoking car right up to the Central Fire station on South Prospect street where firemen extinguished the fire. Mr. Roberts' foot was slightly burned and the car was damaged slightly.

Labor Day was made a legal holiday by act of congress in 1894.

NAVY SHAKES UP AIR TRAINING PROGRAM

By The Associated Press

WASHINGTON July 26—Naval aviation leaders have decided on two steps to make the carrier force better prepared for emergency

▶Air squadron strength would be increased and the present grouping of more squadrons to provide more experienced air squadron commanders, executive officers etc

▶Training would be speeded so that every carrier could have qualified all-weather and night operators

The general effect of the changes would be to increase the operational efficiency of naval aviation, officials have been saying for several years, but only recently has the policy been put into planned effect

Squadrons aboard the large carriers, known as CVBs now have 34 planes instead of 36 each. The smaller carriers, known as CVS have 26 fighter planes instead of 16 as at present

Each has been carrying two squadrons of fighters and one of torpedo bombers. The CVBs will continue to carry 108 planes but the CVS will have 36 fighters and 10 torpedo bombers

Navy officers believe that with these changes the efficiency of individual flying and increased responsibilities assigned to squadron commanders with respect to squadron operations would be improved without increasing the total number of pilots in the second phase of improvement reaches the Navy is planning two new fighter squadrons to be assigned to fleet carriers. Two night fighter squadrons activated will be assigned training additions units in day and all weather operations

NAVY PLANE LARGEST TO SPAN CONTINENT

By The Associated Press

PATUXENT NAVAL AIR STATION Md., July 26—The Constitution, biggest airplane ever to cross the country, did it in 10 hours and 10 minutes yesterday

The 184 000-pound giant second of two built by Lockheed aircraft as naval transports, flew a 2 600-mile course from Moffett field Calif at an average speed of about 300 miles an hour

The plane had the help of tail winds ranging from 30 to 50 miles an hour at 19 000 feet Some time was wasted dodging thunderstorms between Omaha and Chicago and flying low over Washington National airport and near Andrews, Md airbase

The Constitution will be flown to Washington Thursday and remain until next Monday when it will be taken to Idlewild airport at New York for several days After that it will be flown back to California for competition tests before being brought back here and then accepted by the Navy

The Navy has not set a secret on the cost of the giant planes They cost in all about $2 000 000 The first one still is full of flight test gear The second is equipped as a commercial passenger and cargo plane with 92 seats on the upper deck and 37 cubic feet of cargo space below The lower deck can accommodate 76 passengers

The Communist issue plagued the new party formers in its organizational meeting

Amendment Offered

It broke out in the Sabbath day platform session when James Hayford of Westbarke Vt a delegate offered from the floor an amendment to put the party on record against endorsing any nation's foreign policy

Hayford said the draft submitted by the platform committee headed by Rexford Guy Tugwell former Roosevelt brain-truster criticized the bipartisan American foreign policy and by implication approved Russia's

Some other delegates said they weren't in favor of endorsing Russian policies 100 per cent, although all professed their friendship for the Soviet

Big Hand for Delacy

But Hugh Delacy of Seattle, Wash a former congressman got the biggest hand and the biggest vote with a plea to delegates not to yield to outside pressure" but to take a stand for "a firm, solid basis of friendship between the United States and the Soviet Union"

Hayford's amendment was shouted down by delegates, who approved a plank saying

"We believe with Henry A Wallace that there is no difference which cannot be settled by peaceful hopeful negotiations"

Cong. Smith To Call For Adjournment

Rep Frederick C Smith Republican of Marion told the house he is going to introduce a resolution calling upon congress to adjourn just as soon as Mr Truman finishes reading his message tomorrow The Associated Press reported today

"There is no good reason for this special session of congress This is a political move pure and simple, Smith said

Senator Olin D Johnston (D-SC), who announced a similar intention previously said he would wait "until I read and digest the President's message before deciding whether to offer an adjournment resolution

Johnston told reporters The session will mean "nothing but headaches for the Democrats." The Republicans have the majority and can put the President in the hole"

CONGRESS

cost of living among other things

Tentative List

The other things probably will include many of Mr Truman's previous legislative recommendations which congress turned a cold shoulder Among them

Long range housing federal aid to education broadening of social security coverage a national health program, a higher minimum wage anti-lynching anti-poll tax and anti segregation legislation revision of the new law allowing 205 000 displaced foreigners to enter the United States and a $65 000 000 loan to build New York headquarters for the United Nations

All the expected proposals except the one dealing with living costs are in legislative shape to be acted on quickly if congress wants to act

Mr Truman was putting the finishing touches to his message today after a weekend Potomac river cruise aboard the presidential yacht Williamsburg

In advance of his actual recommendations congressional leaders predicted that the President will ask for power to impose price controls and rationing on selected cost-of living items such as meat

There is no limit to how long congress can stay in session and no bounds save constitutional restrictions, on what it may consider

Norwood Team Wins K. of C. Softball Title

By The Associated Press

SANDUSKY, O, July 26—Norwood successfully defended its state Knights of Columbus softball championship by edging Cleveland Gilmore council 3 to 2, in a 10-inning championship final at near-by Cedar Point yesterday

Norwood blanked Sandusky 4 to 0 in a no-hitter by Doc White, and Gilmore topped Warren 2 to 1 in eight innings to reach the finals

Norwood beat Marion's Knights of Columbus, 16-2, Saturday afternoon to eliminate the local team from the running. Marion opened play in the tournament with a 17-3 victory over Youngstown Saturday morning

HERBERT PRAISES TEXTBOOK AUTHOR

By The Associated Press

OXFORD O July 26—William Holmes McGuffey author of the primary readers widely used in American schools through much of the 19th century was lauded in a speech yesterday by Gov Thomas J Herbe Gov Herbert spoke at the luncheon session of the federation of McGuffey Societies annual meeting

The simple moral lessons he taught have become inescapable in people's lives the governor said We can build a better world than history ever has had if our children can continue to receive the principles and philosophies of McGuffey

The governor did not mention specifically the Progressive party convention but he observed he was proud to be a citizen of a country in which there is freedom of speech as exemplified a Philadelphia last night

He added But I hope people will weigh the superficial and misleading words

About 200 former McGuffey reader students attended the conference

The McGuffey societies were formed by persons who studied the McGuffey's reader in their childhood

W W Smith of Huntington W Va was elected president for the next two years and A F Rettig of Indianapolis was made vice president

The group also voted to hold the 1948 meeting at Miami university

RENNEL HELPS MEDINA LADY LOSE 64 LBS. IN SHORT TIME

Mrs. J. A. Conner gets desired results with Rennel.

"Before taking Rennel I was very over weight," writes Mrs. Conner "Rennel is easy to take and since taking it I have lost 64 pounds. Thanks to Rennel, I feel much better."

Hundreds of others have obtained similar relief from the social and physical discomforts of being overweight Why not try this effective yet inexpensive method of reducing and enjoy the pleasure of feeling younger and more alive. Try Rennel and notice the admiring looks you will receive from your friends as your figure becomes younger and your vitality increases. Just go to your druggist and ask for 4 ounces of liquid Rennel. Pour the contents into a pint bottle—add enough unsweetened grapefruit juice to fill the bottle and then take two tablespoonfuls twice a day. That's all there is to it If you aren't satisfied with the results, return the empty bottle to the manufacturer and your money will be refunded. You need never know a hungry moment while taking Rennel—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while getting hungry, for you WON'T be hungry. Don't be switched to another product. Insist upon genuine Rennel.

KENTON MAN SEEKS TOP LEGION POST

Carl W. Smith Candidate for Ohio Commander.

Carl W Smith of Kenton a World War I veteran and member of the state civil service commission, is one of two announced candidates for election to the office of state commander of the Department of Ohio American Legion according to an International News Service dispatch today Election will be held when the Department of Ohio holds its 30th annual convention in Columbus Aug 7-9

The other candidate is J D Sawyer a young Middletown realtor Both are at present vice commanders in the state organization

Two or more candidates seek each of the other five Ohio Legion offices available and there are now seven candidates for the two vice commander posts Resolutions proposing one vice commander and one senior vice commander instead of two equal rank have been offered but not passed as yet

Contestants for the important post of national executive committeeman now held by Middletown Martin V Coffey include present State Commander Aaron J Halloran of Springfield Don W Schoeppe of Warren and Rossiter Williams of Oak Hill former state commanders

The struggle by World War II veterans for top legion offices began two years ago at the state convention in Cleveland where a delegation of younger members tried unsuccessfully to elect a World War II man as department treasurer

Since that time their ranks and strength in the Legion have grown Five of the 14 district commanders elect for 1949 are younger veterans and seven of the newly elected district vice commanders They will take office in October

Only Genuine Interlock Construction

Completely Seals Out Dust-Dirt-Drafts

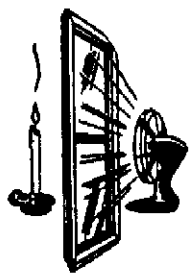
Revolutionary Window Engineering Principle Originated by Weather-Seal

The interlock is the most precise method ever devised for joining together two pieces of wood so that the air tight seal can be broken by a child (for easy changing of screen and window panels)... yet when the seal is established no dirt, dust or draft can get through it.

To achieve this engineering feat, it is necessary for our craftsmen to work California *Coastal* Redwood with the precision of fine cabinet work.

It has been necessary for us to design, and in many cases build, our own machinery! It is certainly a job only for craftsmen such as the men of Weather-Seal who tailor-make each window for you.

There are three of these Weather-Seal designed interlocks on every full sized window. The seal against dirt and the elements is air tight... and so is your assurance of full value as covered by the written, Weather-Seal guarantee.



Harold A. Etling
President

Weather-Seal windows and doors are built of age-old California Coastal Redwood will not warp rot or shrink stays beautiful with little care.

With Weather Seal you change winter panes to summer screens in a jiffy A few turns of an exclusive screw fastening and windows and screens come out easily

Let it rain let it pour! You'll always be sure of draft free rainproof ventilation the year around You'll know the real meaning of finger tip weather control.

All the rich lustrous beauty of America's most magnificent wood is permanently yours with Weather-Seal They'll dress up your home add beauty and style

Weather Seal combination windows are custom built to the dimensions of your particular home are tailor made to fit and stay fitted, for a lifetime.

Weather Seal weather comfort is guaranteed for life Our written guarantee covering workmanship and material accompanies each job.

TOWN HALL ON AIR FROM EUGENE, ORE.

Clarence Streit, president of Federal Union, Inc., an executive office of United World Federalists, a former official of the British Broadcasting Corporation, and a woman judge will participate on the ABC network broadcast of "America's Town Hall Meeting of the Air" when the forum makes its tour stop this week at Eugene Ore. On the broadcast, which is heard Tuesday at 8:30 p. m. here over Station WMRN, the panel will discuss the topic, "How Should the United Nations Progressively Establish International Law?" The broadcast on Aug. 24 is to originate in Marion from the stage of the Palace theater.

Senator Wayne Morse Republican of Oregon, a member of the senate armed services committee and the committee on labor and public welfare, will preside as moderator of the broadcast this week.

Other speakers in addition to Mr. Streit will be Allan Cranston, member of the national executive board and chairman of the North California branch of United World Federalists, Stephen Fry, a naturalized American, formerly program director of the BBC and member of the colonial office in Palestine, and Judge Reba Bosone of Salt Lake City, first woman judge in Utah and member of the Utah state board of the American Association of the United Nations.

New Youth Organization Formed at Green Camp

An interdenominational youth organization of the Green Camp community, with one of its purposes to be support of the CROP food train for overseas relief, was launched Wednesday night with 25 present. The meeting was held at the Evangelical and Reformed church, and others represented included the Green Camp Baptist and Methodist churches and the Mt. Olive Methodist. Officers elected include Norman Roettger, president; Jack Dennison, vice president; Bob Weston, secretary; Lois Rothfuss, treasurer. Each individual youth group is to select two representatives to make up an executive committee. This committee, the officers, and three ministers will meet at the home of the president Monday night to draw up a platform for the organization. At the Wednesday night meeting a motion picture, "Seeds of Destiny," sponsored by CROP, was shown. Pastors of the churches, directing the movement, are Rev. E. W. Guinther, Evangelical and Reformed, Rev. Lester R. Kidd, Baptist, and Rev. F. Melvin Wentz, Green Camp and Mt. Olive Methodist.

CITY PAYROLLS SHOWING GAIN

Marion Among Municipalities Surveyed by U.S. Bureau of Census.

Marion is one of the Ohio cities of 25,000 to 50,000 population whose municipal employment and payrolls are following a general postwar trend upward, according to a survey by the U. S. census bureau as reported today by The Associated Press. Marion with a 1940 population of 31,000 has 562 employes who are paid $104,900 a month, the survey showed.

Employment gains and swelling city payrolls are reported all along the line following a result of the census bureau study of city payrolls as of last October. City payrolls were up 15 per cent throughout the nation over the 1946 level, the previous record high. Average earnings rose $178 to $197 with a four per cent increase in employes.

Others in Class

Here are all the cities in the 25,000 to 50,000 class on which data was assembled with the 1940 population in parentheses showing the city employment and the monthly payroll as of October, 1947, including school district employes.

Marion (31,000) 562, $104,900; East Cleveland (39,000), 607, $125,800; Elyria (25,000), 441, $103,200; Lima (45,000), 603, $150,600; Lorain (44,000), 666, $167,300; Mansfield (37,000), 373 (school district employes only, no report on other), $85,900 (school payroll only); Massillon (27,000), 383, $110,500; Middletown (31,000), 501, $113,800; Newark (31,000), 252 (school district employes only, no report on other), $53,700 (school payroll only); Norwood (34,000), 521, $107,600; Portsmouth (40,000), 875, $118,300; Steubenville (38,000), 478, $115,300; Warren (43,000), 702, $185,500; Zanesville (38,000), 446, $87,800.

Cities in the 50,000 to 100,000 class: Cleveland Heights (55,000), 957, $256,000; Hamilton (51,000), 988, $218,500; Lakewood (69,000), 1,141, $308,000; Springfield (71,000), 1,221, $127,000 (excluding school payroll on which no report was available).

Larger Class

Here are the Ohio cities in the 100,000 to 250,000 population group on which data was assembled, with the 1940 population in parentheses, showing the city employment and monthly payroll as of October, 1947, including school district employes:

Akron (345,000), 4,078, $901,400; Canton (108,000), 1,802, $385,000; Dayton (211,000), 3,418, $887,300; Youngstown (168,000), 2,423, $501,900.

In the 100,000 to 1,000,000 group employment went up from 345,000 to 358,000, and payrolls up from $87,300,000 to $77,200,000.

The report did not give 1946-47 comparisons for individual cities.

Cleveland, Ohio's largest city, with a 1940 census of 878,000, is listed with 23,307 employes, including those in the schools, as of last October. The payroll that month was $4,343,700.

Cincinnati (population 456,060 in 1940) had 11,088 employes and a payroll of $2,674,500. Columbus (306,000) had 4,073 employes and a payroll of $1,011,700. Toledo (282,000), had 5,050 employes, paid $1,221,000.

In the 10,000 to 25,000 population category, the bureau noted that city government employment rose from 90,000 to 96,000 in the year ended October, 1947. Ohio has 23 cities in this group, on official 1940 census figures.

Bob Diedrick Comes Back To Haunt Cubs as Lima Wins Two

Special to The Star

LIMA, July 26—Bob Diedrick, Marion first sacker in 1944 came home to haunt the Cubs here last night as he led Lima to a 6-2 win for the Terriers' second success in the series. Diedrick doubled to the 375-foot mark in center field in the second inning and worked a double steal with George Votruba who singled to right, to tally Lima's first marker and tie the score at 1-1.

In the sixth frame he lofted a pitch over the right field fence for a homer to boost Lima's lead to 3-1. He ended his night's work in the eighth with a single to left that plated Carl Raucher with Lima's final run.

Les Zorgé scattered five hits as he won his third game against a lone loss for Lima. Marion's first run came when Diedrick dropped an infield popper with two out in the second and Schnepf on second Schnepf tallied on the error.

In the seventh Juhasz walked with two out and Bobosan doubled to deep center to plate him. Marion's final marker in the eighth came on Lee Bohlander's triple to left and Gatts fly to left.

Win 7 6 on 2 Hits

Saturday night Lima got only two hits one a bunt single but took advantage of wildness by Kelly and Benson. The former walked seven, hit four and uncorked three wild pitches.

Benson who relieved in the eighth with the sacks loaded walked in two runs that proved the margin of victory in the 7-6 game.

Ed Schafer Lima's elongated lefty who twirls a la Ewell Blackwell of Cincinnati from the port side blanked Marion for six frames. In the seventh the Cubs got five runs on two hits, a couple walks two errors and some dizzy umpiring. Marion got one in the ninth, trailing 7-5 but Schafer fanned Alivojvodic with the tying run on second to end the game.

Ray Pope will twirl for Lima in the final game of the series tonight.

Cleveland Browns Begin Drills Today

BOWLING GREEN, O., July 26—The Cleveland Browns, champions of the All America conference for the past two seasons started drills here today with 47 players in camp.

The gridders include 25 members of last year's team.

Coach Paul Brown began to work to find replacements at three positions as the 1948 training drills opened.

At center he must replace Mike Scarry who accepted the head coaching job at Western Reserve university. Frank Gatski offensive center last year, Mel Maceau a capable substitute for two years and Cap't Lou Saban are leading candidates.

Another member of last year's team left tackle Ernie Blandin went to Baltimore to strengthen the Colts. Lou (The Toe) Groza and big Chet Adams head candidates for the vacancy.

Don Greenwood has retired to a coaching job and the shifting of Mickey Marne to Baltimore leaves the right halfback spot wide open.

Big with the Browns are six stars chosen on the official all conference team last year. They are quarterback Otto Graham ends Mac Speedie and Dante Lavelli, tackle Lou Rymkus, guard Bill Willis and fullback Marion Motley.

INDIANS REGAIN ASSOCIATION LEAD

St. Paul jolted Milwaukee twice in yesterday's round of doubleheaders while Indianapolis won a pair from Toledo to take a 2½ game lead in the hot American Association race.

Second place Milwaukee, which swirled into the lead temporarily last week, lost the opener 6-5 as the Saints' Toby Atwell doubled and came home on Al Brancato's single in the last of the ninth.

St. Paul captured the nightcap 6-0 behind Pat McGlothlin's five hitter. The twin win pushed the Saints into third place, one percentage point ahead of Columbus.

The Tribe battered Toledo 6-0 and 10-7. Cal McLish spaced seven hits to win his fourth shutout of the season. Jack Hallett was the second game winner after his mates gave him a 10-run lead before the Hens scored four times in the fourth with the help of Frank Mancuso's two-run homer.

The Indians collected 26 blows in the two games.

Louisville and Columbus split. The Colonels won the opener 7-3 although Ewald Pyle was tagged for 14 blows.

Columbus grabbed the closer 5-4. Kurt Krieger the loser in the opener returned as a relief twirler and gave up only one hit and one unearned run after Jack Crimian had been shelled for three runs in the initial round.

Fifth place Minneapolis swept aside Kansas City 5-4 and 6-3. Joe Lafata the millers center fielder hit for the circuit in each contest to run his hitting streak to 26 straight games.

REDLEGS HEAD EAST AFTER BEATING PHILS

Double Victory Restores Cincinnati Confidence.

By The Associated Press

CINCINNATI, July 26—Confidence restored by a double victory over the Philadelphia Phils the Cincinnati Reds needed eastward today on a 13 game road trip.

Leo Durocher's New York Giants will be the first opponents in a night game Tuesday night.

The Reds lost nine of 13 games in the current home stand but ended on a victory note as Ewell (The Whip) Blackwell and rookie Herm Wehmeier collected their seventh victories.

Wehmeier was credited for the 11-8 first game victory over the Phils although he threw only two pitches to relieving pitcher Walter Dubiel who fired out to center.

Blackwell however limited the Phillies to only five hits in the second circuit as the Reds banged on the Phils for a 9-2 win.

Kent Peterson's relief work in the ninth halted a Philly rally that had scored two runs and loaded the bases with only one out. Peterson faced only pinch hitter Al Lakeman and outfielder Richie Ashburn but struck both out to end the game.

The first game was a see-saw battle, the Phils opening with one run on Eddie Miller's second inning home run. The Reds tied it in the second as an error and two infield outs permitted big Ted Kluszewski to score.

Hank Hauer's 27th home run sailed over the left field fence in the fourth inning to make it 3-1 for the Reds. The Phils turned the tables in the fifth as Granville Hammer and Andy Seminick homered. Ray Lamanno drew a walk in the Red half of the fifth and scored after Johnny Wyrostek drew a walk with the bases full.

Danny Litwhiler's double brought in two runs in the sixth after Grady Hatton, and Virgil Stallcup singled and Lamanno got on by error—Dubiel's wild throw attempting to double Stallcup at second.

Frankie Baumholtz smashed a four-run homer in the second game after the Reds already were leading 5-2. Virgil Stallcup and Ray Williams singled, and Blackwell beat out a bunt to load the bases.

STYMIE TO RETIRE AFTER INJURING FOOT

By The Associated Press

NEW YORK, July 26—Stymie the horse that won $911,335—more money than any other horse in racing history—came to the end of the racing trail today.

Stymie will thrill the crowds no more with his brilliant spine-tingling stretch rushes.

The gallant old "Pride of Brooklyn" suffered a fractured sesamoid in his right forefoot in the Monmouth park handicap Saturday and less than 24 hours later Trainer Hirsch Jacobs said the seven-year-old world's money-winning champion would be retired permanently.

When sufficiently recovered from the injury Stymie will be sent to the blue grass country of Kentucky for breeding purposes.

An expectant millionaire for the last four months the powerful chestnut handicap star ran fourth to Bayard Shade Rips in the mile and one quarter Monmouth feature.

The crowd which had backed him down to 70 cents on the dollar in his usual role of favorite didn't realize they were watching the rugged old campaigner in action for the last time. As usual Stymie hung back then began passing horses. But he failed to come up with his characteristic stretch drive.

Jockey Bobby Permane said "something was definitely wrong" after the race and Jacobs announced a few minutes later that Stymie had pulled up lame. Yesterday X-rays disclosed he bone injury.

He collected only $1,500 fourth money—peanuts for him in putting his record all-time earnings at $911,335.

YESTERDAY'S STARS

By The Associated Press

Batting—Joe DiMaggio, Yankees—Collected two home runs, three singles and a double in seven official times at bat to lead the New York Yankees to a 5-3 and 7-3 doubleheader victory over the Chicago White Sox.

Pitching—Joe Dobson, Red Sox—Scattered six hits in shutting out the Cleveland Indians 3-0 for his 13th triumph, his fourth shutout and his 14th complete game. The victory put the Red Sox in first place in the American league race.

Smitty's Maids Win 16th Softball Game

Smitty's Maids racked up their 16th win against two losses when they defeated Norwalk at Crystal Lake park yesterday 2-1. The All Stars of Smitty's Bar and Grill triumphed over Ohio Sports Center 4 to 0 in a night contest. Dwight Wilcox hurled a one-hitter and Chuck Reid sparked the All Stars attack with three for three.

Tonight at 9:30 the Maids play Galion in the district tournament at Bucyrus and the All Stars tangle with Mt. Vernon at Crystal Lake park at 8:30 in an NCO league game.

Bosox Drive from 7th to AL's Top Spot in 7-Week Spurt

By The Associated Press

Joe McCarthy's blazing Boston Red Sox were riding herd on the American league today after achieving a baseball feat almost equal to that of the Boston Braves' modern team of 1914.

The Red Sox yesterday climaxed a sensational seven weeks' rage from a dismal seventh to first place—giving Boston teams the leadership in both major leagues.

The Sox wrested the No. 1 berth from the Philadelphia Athletics by defeating the Cleveland Indians 3-0 for their 12th straight victory. Meanwhile the Athletics divided a doubleheader with the Detroit Tigers.

The ride from 10 games back to the top was reminiscent of George Stallings' miracle Braves of 34 years ago who jumped from the cellar on July 4 to capture the National league flag.

On June 2 the Red Sox were wallowing in seventh place having won only 15 games while losing 24. The Cleveland Indians were setting the pace. Today the Sox are on top four percentage points in front of Connie Mack's Athletics. The Indians have skidded to third place, a game and a half behind.

Joe Dobson, veteran curveballing righthander, gained the honor of pitching the Sox into first place. He scattered six hits to chalk up his 13th triumph.

Fred Hutchinson eased the Aces out of the lead by pitching the Tigers to a second game 10-2 triumph over Philadelphia and a split in their doubleheader. Joe Coleman had blanked the Tigers 4-0 with seven hits in the opener.

Joe DiMaggio cracked out two home runs a double and three singles in seven times at bat to lead the New York Yankees to a double triumph over the Chicago White Sox 5-3 and 7-3. The sweep of the twin bill advanced the fourth-place Yankees to within two percentage points of the Indians. Both of Joe's homers, his 32nd and 33rd came in the second game. Ed Lopat gained his seventh straight victory in the opener and Vic Raschi won his 12th against four defeats in the nightcap.

Nats Browns Split

Washington and the St. Louis Browns divided a doubleheader, the Senators winning the first game 3-1 and the Browns taking the second 6-4 in 11 innings. Rae Scarborough scattered seven hits and drove in three runs with a bases-loaded double to gain his eighth triumph in the opener.

The pace setting Boston Braves retained their five game margin in the National league by gaining a split in their twin bill with the Cardinals in St. Louis. The Cards had come from behind with two runs in the bottom of the ninth to win the opener 6-5. They also led 6-4 after eight innings of the nightcap but ninth inning home runs by Bob Elliott and Jeff Heath tied the game with two on and gave the Braves an 8-6 victory.

Danny Murtaugh's grand slam home run in the eighth inning gave the Pittsburgh Pirates a 7-4 second game victory and a split in their doubleheader with the second-place Brooklyn Dodgers. The Brooks won the opener 6-5 coming up with four runs in the eighth and staving off a Pirate rally in the ninth. Jackie Robinson's steal of home provided the deciding tally.

Cincinnati slugged out a pair of decisions over the Philadelphia Phils 11-8 and 9-2 to advance within a game and a half of the sixth-place Phils.

The Chicago Cubs spotted the New York Giants a 3-0 lead then came from behind to defeat Leo Durocher's men 6-3. Eddie Waitkus' inside-the-park home run with two on was the telling blow.

Larcom Pitches No-Hit, No-Run Game as Local Legion Wins Pair

Marion's Amvet baseball team continued its phenomenal season by defeating two league opponents in a single day, one of the victories was a no-run no-hit game pitched by Ray Larcom of Waldo, who whiffed Mt. Vernon's 11 batters in the Monday afternoon tilt.

Merle Daum, the club's ace pitcher hurled a one-hit ball game in winning the second 11-4 from Newark on the 10 strikeout diamond.

Larcom's no-hit, no-run performance is nothing new for the lanky 18 year old one time high school baseball star. This spring he fanned 12 Mt. Vernon batters in a row. Though he gave up eight bases on balls he got himself out of trouble every time.

The Marion Juniors supported him with 11 hits. Rosebery, Thomas, Gorby and Stoffer all collecting two. Rosebery hit a double and triple.

At Newark the next day Coach Minnie Irvin's crew showed the Newarks that their double win over Newark here a week ago Sunday which earned them the league championship was no fluke as they pounded two pitchers for 13 hits in winning 11-4. Ledford led the parade with three and a single. Marion players but Rosebery hit safely a second time.

Daum scattered eight Newark hits over the route though he was in trouble in the eighth when he allowed three runs to score on him. But the Locals had already built up an 11-run lead and Newark's outburst didn't worry them.

In both games, Marion played one error ball.

They'll meet London here next Saturday in their next game.

Colley Names Byers As All-Star Pilot

By The United Press

COLUMBUS, July 26—President Frank M. Colley of the Ohio-Indiana league announced today that Ollie Byers of the Richmond Braves will pilot the Ohio-Indiana league All-Stars in their game against the Muncie Reds tomorrow night.

Byers was moved into the pilot spot following the resignation of Manager Bob Roth of the Springfield Giants. Roth was to have led the All-Stars in the Muncie contest.

Manager Bob Dill of Newark will take Byers' place as All-Star coach Colley said.

Umpires for the game announced by Colley today are "Dutch" Heimlen at the plate, Henry McGowan at first base, Sam Davis at second base, Bill Nugent at third base and Ed Grey reserve.

ZANESVILLE HOT ON MUNCIE'S HEELS

By The Associated Press

Zanesville pushed closer upon the heels of the leading Muncie Reds in the Ohio-Indiana baseball league today after a Sabbath twin victory over Newark.

The Dodgers nosed ahead in the ninth inning to win the first game 8-8 on a triple by Don Hilbert that scored Dick Meyer who had doubled.

In the second contest, Zanesville bashed in the Newark Yankees 11-0 behind the four-hit pitching of Erwin Renollet. Manager Ray Hathaway pitched for Zanesville in the first game, chalking up his 15th victory.

Muncie continued to pace the league although the Reds bowed to Richmond 16-7 yesterday. Richmond batters pounded four Muncie pitchers for 14 hits.

Lima's first baseman, Bob Diedrick, hit a home run, double and a single to lead the Terriers to a 6-3 victory over Marion.

Portsmouth fastened a tighter hold on third place by whipping Springfield twice, 11-8 and 18-3. In the second game, shortstop John Moore hit for the circuit in the first inning with one man on base and in the second inning John Brown, hit one with one man on base. Both were for Portsmouth.

7 Former Champs Among 162 In 25th Ohio Open

By The Associated Press

TOLEDO O., July 26—Seven former champions were among 162 contenders teeing off today in the 72-hole 25th annual Ohio open golf championship.

Favorites were a dime a dozen for the three-day medal play test, which has a purse of $2,000—with $1,000 going to the winner.

Al Marchi of Troy last year's champion, was on hand early yesterday for some practice rounds over the well-trapped 6700-yard long Sylvania Country club layout.

Marchi, like most other "big names," didn't keep any score. Many of the link artists played two or three balls in each hole in an attempt to get a better feel of the exacting course.

Other former champions on hand were Jack Thompson of Youngstown winner in 1928, Al Alcroft of Youngstown champion in 1926 and 1927, Denny Shute of Akron the 1929-30-31 victor, Billy Burke of Cleveland, the Open king in 1931 and Ohio champ in 1938-39-45, Lloyd Gullickson of Toledo winner in 1934, and Phil Perkins of Cleveland, former British amateur champ who won the Ohio crown in 1937.

Even from there the entry list reads somewhat like a "Who's Who" not only in Ohio golf but national golf.

Herman Keiser of Akron former Masters champion is here. Frankie Stranahan Toledo muscleman and holder of both the British and Canadian amateur crown, heads the amateur brigade.

Stranahan hopes to be the second amateur in history to win the Ohio open. Maurice McCarthy three-time state amateur champ is the only one to turn the trick although Shute won both the amateur and open. Shute's open victories came after he turned pro.

Others rated as definite contenders include Ken Peterson of Toledo, who won the 1939 state public links title by 17 strokes with a 13-under-par performance. Glen Bishop, of Toledo, the Ohio amateur champ in 1930, and Val Chiavertni, three-time state publinks titleholder.

The big field will play 18 holes today and 18 more tomorrow. Then the low 60 among the scorers—including any last place ties—will start the final 36 holes Wednesday.

Haas Sandwich Shop Wins Doubleheader

The Haas Sandwich Shop came through with a double victory over Forest in a Tri-City League game played yesterday at the Power Shovel diamond.

Haas won the first game 1-0, and came back with a 7-2 victory in the second.

Ed Smeltzer was the winning pitcher in the opener, giving up only five hits, while striking out 14. Ralph Weber connected twice to lead the victors. Ikes was the losing pitcher for Forest.

In the second game, Jack Smart hurled for Haas while Naus pitched for Forest. Smart allowed four hits striking out 11. Bob England led the attack with two safeties. Jim Riley caught the first game, and Cooky Martin did the receiving in the nightcap.

MORE THAN 5,000 SEE FINAL SULKY RACES

Florian Wins Bucyrus Trot in Feature Saturday.

A crowd of more than 5,000 witnessed the Marion 1948 harness racing finale at the fairgrounds Saturday night.

They saw Florian, a four-year-old bay gelding driven by Oscar Silver, win both dashes of the $2,000 Bucyrus trot in his debut on the Marion track.

After presentation of the silver Bucyrus plaque to Dr. Mark E. Moore of Piketon, owner of the speedy Florian, Dr. J. F. McNamara thanked the many persons responsible for the most successful season in years in behalf of the Marion club who sponsored the meet.

By taking the third contest a 19 class trot a mile Slim Shilling came within a race of tieing Jimmy Wingfield as the leading driver of the 18-day program. The final standings are Wingfield nine wins, Shilling eight, Scotty Welch seven, and Walt Dispanette six.

Foxie Fancy owned by C. M. Rutherford of Marion was the high only other double-winner. The five year-old bay mare looked impressive as she easily won both the sixth and eighth dashes.

Many of the horses and horsemen will move to the Northville, Mich. track.

HELD IN NEIGHBOR'S DEATH

By The Associated Press

WOOSTER, O., July 26—Formal charges may be filed today police said against Harold E. Murphy, 30, jailed yesterday in the death of a neighbor. Police said Murphy shot and killed a neighbor, Gordon Kurtz, 36, near the Murphy home. Police Chief Walter Yost said the man admitted firing two shots Saturday night from a German Luger pistol but claimed he was only trying to scare Kurtz.

Reimlinger, Raymond Pair 50 To Win 1 Up

In the Marion Country club two-ball-best ball golf tournament played Saturday George Reimlinger with a 25 handicap and Tom Raymond with a 14 handicap paired a 50 to win by a stroke.

Wayne Jenkins with a 13 handicap and R. LaMarche with a 14 were runners-up with a 60 and J. Dowler and William Higman were third with a 61.

This Wednesday 25 Marion golfers will travel to the Shawnee club in Lima and attempt to win for the first time against the Lima group which boasts of 30 players who tour their course in the process.

SATURDAY IS LAST DAY TO REINSTATE INSURANCE

Harry Marker of the local Veterans Administration office said today the Marion office will be open from 8 a. m. to 5 p. m. Saturday, July 31 the final day for most veterans to reinstate GI insurance without taking a physical examination.

By applying before Aug. 1, a veteran whose policy has lapsed may reinstate any amount of government insurance without a physical examination. He must certify that his health is as good as it was on the date of lapse and pay two monthly premiums to reinstate term insurance or all premiums in arrears, with interest on permanent types of insurance.

The privilege of reinstating on this basis after July 31 will be available only to veterans whose policies have lapsed for less than three months. When the lapse period is three months or longer the veteran will be required to take a physical exam and qualify as an insurable risk.

The local VA office is open daily from 8 a. m. to 4:45 p. m. and will be open an additional day on Saturday for this week only.

Sarah Bernhardt earned about $9,000,000 during her international stage career.

LAWMAKERS TO SIGN FIVE BILLS TODAY

By The United Press

COLUMBUS, July 26—Officers of the Ohio general assembly were to meet here today to sign the five bills passed by the special session of the legislature Thursday.

Absence of presiding senate officers delayed signing of the measures Friday afternoon.

Both houses were to hold a skeleton meeting this afternoon to sign the bills and send them to Gov. Thomas J. Herbert for his signature.

Bills to be signed by Lt. Gov. Paul M. Herbert for the senate and Speaker William O'Neill for the house will:

Eliminate the one cent sales tax on all purchases less than 61 cents, extend the maximum old age pension to take advantage of the extra $5 a month in federal funds congress voted to the aged, provide supplemental appropriations amounting to $65,350,000 to take care of increased pensions, provide $1,500,000 for increased food and fuel costs at state welfare institutions, and $3,000,000 for state matching of federal relief funds.

8-Yr. Victim of Sour Stomach

"For 8 years I suffered from gas troubles and bloat," says a well-known citizen. "My meals just laid in my stomach and turned to gas. Had dizzy attacks from this condition. I tried many medicines, but they never had any effect on me, but finally I found INNER-AID. It cleared out all my gas. Now I can eat without misery afterward. This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 Juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering! Get INNER-AID. Sold by all drug stores.

Systems Representative
A salaried vacancy in the field personnel of a nationally known manufacturer of business systems exists in Marion. After scientifically determining your adaptability to the work, followed by a thorough training program you are assigned certain important accounts for servicing and development. The work consists of thoroughly analyzing office procedures in an account, flow charting and improving these procedures and applying our forms and devices. A permanent future, opportunity for advancement, repeat business, nationally advertising, modern sales helps, and rather large earnings. Qualifications—Age 28 to 38, college training, knowledge of office procedures. Previous selling experience required. For an immediate interview write fully to Box 84, Marion Star.

OPENINGS for a few enlistments in National Guard are available. Young men under 18½ years of age may possibly be draft exempt. Application will be taken at the Armory Monday and Tuesday eve., 7:30-9:30.

YOU HAVE WITNESSED A PRACTICE DIVE OF THIS SUBMARINE DISGUISED AS A FREIGHTER! WHAT DO YOU THINK, CANNON?
WAIT 'IF SIX TO GO OUT, STACEY — I'LL PEDDLE THEM AROUND THE UNITED NATIONS ON CONSIGNMENT!
BUT NOW CAN I TELL MY GRANDCHILDREN WHAT I DID IN THE COLD WAR IF YOU DON'T TIP HAPPY AND ME TO WHY WE'RE HERE?
YOU ARE AN INTELLIGENT AMERICAN— WE WANT YOUR REACTION TO THIS CRAFT!
GLADLY! IT'S A CITS STUNT THAT COULD RAISE CAIN IN A HARBOR FULL OF SHIPPED AT THE START OF AN UNDECLARED WAR. WHICH IS WHAT I WILL TELL THE U.S NAVY WHEN I GET TO A RADIO!
BUT, OF COURSE, YOU KNOW YOU ARE NOT GOING TO GET TO A RADIO, DON'T YOU?

Blondie — By Chic Young

I'M SORRY I BROKE THE LAMP
IF YOU'RE SORRY, THEN GO OUT AND CUT THE GRASS TO REDEEM YOURSELF — SHAME ON YOU
I BROKE THE LAMP. DADDY JUST SAID HE DID IT TO KEEP ME FROM GETTING THE BLAME
OH—AND I WAS SO CROSS TO 3 H'M
OH! I FEEL TERRIBLE TREATING HIM LIKE THAT I'VE DONE HIM A TERRIBLE INJUSTICE
AGENT YOU GOING TO FORGIVE H'M AND KISS H'M AND MAKE UP?

GEORGE BERNARD SHAW, born July 26, 1856, in Dublin

The great dramatist is the son of a merchant whose "alcoholic asthetica" ostracized his family but shy son with equipped his caustic wit. Failing as a novelist, G.B.S. became a critic, lashed Shakespeare "to attract attention" to himself and Ibsen. Championing Fabian socialism, his practice is to insult first then win people' Vegetarian and anemic he has been kept alive by liver extract injections

Basement Store Sales Up in Fourth District

By The United Press

CLEVELAND, July 26 — The Federal Reserve bank of Cleveland reported today that basement store sales in the fourth federal reserve district in June increased 14 per cent over last year and continued to lead the department store field in dollar volume of sales

Grand total sales advanced 11 per cent over June 30, 1947, the reserve bank report showed

Durable household goods led the general increases with radios and phonographs selling 40 per cent more than in June last year Major household appliances and domestic floor coverings rose 23 and 18 per cent, respectively, curtains and drapries up only two per cent showed the smallest change in the field

Most conspicous increases the report showed were in inexpensive dresses up 28 per cent, hosiery 20 per cent and juniors coats suits and dresses 18 per cent Only small changes were noted in men s and boy s wear

The banjo, as we know it today, was evolved and developed by the Negroes of the south.
